

Application

The electric bell is suitable for audible signaling for intermittent use only in domestic and commercial installations.

Construction and Feature

- Elegant appearance, compact size and easy installation
- Low consumption
- Product with rated current up to 24V AC to be powered by bell transformer.

Technical Data

- Rated voltage: 8, 12, 24, 230V AC
- Rated frequency: 50/60Hz
- Service mode: intermittent
- Connection terminal: pillar terminal with clamp
- Connection capacity: rigid conductor 10mm²
- Installation:
 - On symmetrical DIN rail
 - Panel mounting
